Re: Loading Zones at Uline (1130 3rd St. NE)

Dear Mr. Marcou:

On April 12, 2017, at a duly noticed regularly scheduled monthly meeting of ANC 6C, with a quorum of six out of six commissioners and the public present, the current matter came before ANC 6C. The commissioners voted unanimously to support the placement of a loading zone at the entrance of the Uline building (1130 3rd St. NE) that is active from 8:00 a.m. to 4:00 p.m.

Douglas Development Corporation is requesting to create a loading zone 44' in length at the entrance of its Uline office building to allow for pick-up and drop-off of passengers by taxis and other vehicles, in order to avoid doubling parking and subsequent traffic congestion on 3rd St NE. The loading zone will prohibit parking from 8:00 a.m. to 4:00 p.m. It is our understanding that the application to DDOT Public Space for this proposal is forthcoming.

Thank you for giving great weight to recommendations of ANC 6C.

On behalf of ANC 6C,

Karen Wirt
ANC 6C chair
