## Advisory Neighborhood Commission 6C

P.O. Box 77876 Washington, D.C. 20013, (202) 547-7168

July 17, 2017

Mr. Matthew Marcou, Director  
Public Space, DDOT  
1100 Fourth Street S.W. Second floor  
Washington, DC 20024

Re: 150 M Street N.E., Proposed traffic control for a new mixed-use development currently under construction. The plan involves closing the westbound lane of M Street N.E. after Delaware Avenue from 7 am to 7 pm.

Dear Mr. Marcou,

On July 12, 2017, at a duly noticed regularly scheduled monthly meeting of ANC 6C, with a quorum of six out of six commissioners and the public present, the above-mentioned matter came before ANC 6C.

The road closure is to allow for concrete work. Under the proposed plan the sidewalk will be closed and a new sidewalk will be built immediately adjacent to the property. However, the sidewalk will be closed for the same duration as the street work, and pedestrians will cross the street at the entrance to the NoMa Metro Station. Once excavation is completed the sidewalk will be covered and accessible 24 hours.

The commissioners understand the space constraints and necessity for closing the street and sidewalk and voted unanimously, 6:0:0, to support the application with the following caveats: (1) The lane closure should not extend west past the site, thus obscuring the entrance to 130 M Street N.E.; (2) Flagmen at Delaware Avenue and at the Metro entrance should be aware of bicycle routes and ensure they are protected; (3) Flagmen not allow vehicles to use the cycle track; and (4) The applicant will train and monitor flagmen behavior.
