DRAFT AGENDA

Please note that this is a draft agenda; items and times are subject to change. If you are interested in a particular item, please contact ANC 6C Transportation and Public Space Committee citizen chair Mark Kazmierczak at mark.kaz.anc@gmail.com for the current status of that item. This committee meets the Thursday preceding the second Wednesday of each month.

7:00 Quorum call, approval of agenda, announcements

7:05 1. 8th St. NE – NOI #18-122-TOA

DDOT has issued a notice of intent (NOI) to remove 40’ of resident permit parking and establish a 15-minute loading zone along southbound 8th Street NE.

DDOT recently completed a study concerning pedestrian safety at the intersection of 8th & D Streets, NE. This study found that No Parking zones on the corners of the south leg are being used for illegal parking. This behavior reduces the visibility of pedestrians both in and approaching the crosswalk. As a result, DDOT determined that curb bulb-outs will be installed with flexible post delineators to physically prevent this illegal parking. During the study, DDOT noted that patrons of local businesses were utilizing these No Parking zones. DDOT intends to establish this loading zone to provide an area for these activities to occur without impacting pedestrian safety at 8th & D Streets.

8th St. is the border between ANC 6C and ANC 6A.

Representative: None [6C03]

7:30 2. 508 L St. NE – Mailbox in public space | Application #314487

An application to install a multi-unit mailbox for new condos.

Representative: Mia Grodsky | [6C06]
7:45  3.  6-14 6th St., NE | Application #313618

Capitol Hill Baptist Church is building rowhouses on their property at 6, 8, 10, 12, and 14 6th St. NE. The ANC 6C PZE committee supported the project with modifications in July 2017 (then described as 525 A St. NE). Public space elements include landscape and resizing a driveway.

Representative: Jeff Goins, PGN Architects [6C01]

8:10  4.  Union Pub, 201 Massachusetts Ave. | Application #10575606

Union Pub is proposing to convert their current sidewalk café to an enclosed sidewalk café. The applicant is returning with a modified proposal following comments at a previous TPS committee meeting in March 2018.

Representative: Matt Weiss, Union Pub [6C02]

8:30  5.  DC Small Cell Program

The telecommunications industry will be deploying infrastructure that will bring 5th Generation (5G) technology to the area via wireless telecommunication antennae and equipment (small cell). The District has adopted an approach that has been implemented in several jurisdictions across the country that fit within the broad parameters established by the Federal Communications Commission (FCC). This approach includes requiring every company enter into a Master License Agreement and obtain permits to deploy infrastructure that meets guidelines adopted by each community to reflect that community's priorities for its public space.

DDOT has released draft guidelines for the program and is requesting comment.

Representative: None

8:50  6.  Delaware Ave & M St NE | NOI #18-159-TOA

DDOT has issued a notice of intent (NOI) to prohibit Right-Turn on Red for the northbound approach of Delaware Ave at M St NE.

Sight distance is limited for motorists on the northbound approach of Delaware Ave at M St NE due to the railroad bridge over M St NE. With the addition of the two-way cycletrack on the south side of M St NE and increase in development in the neighborhood, pedestrian and bicycle activity have increased along M St NE and necessitated this proposed safety improvement.

Representative: TBD [6C06]
