Re: Rock ‘n Roll Marathon, Saturday, March 9, 2019, new route and position on parked cars along the route

Dear Dr. Rodriguez:

On November 14, 2018, at a regularly scheduled, duly noticed monthly meeting of ANC 6C, with a quorum of 5 out of 5 commissioners and the public present, the above-mentioned application came before us.

The commissioners voted unanimously, 5:0:0, to support the new route for this event, which was developed in response to concerns voiced by ANC 6A.

Please note that, although ANC 6C supports the new route, we oppose removing parked cars along the route. Vehicle removal will be extremely disruptive for our residents if their cars are towed to other, possibly unknown locations. If these residents try to move their vehicles from the route before the event, there simply are not enough parking places on other nearby, already packed, residential streets.

Thank you for giving great weight to the recommendations of ANC 6C.

On behalf of ANC6C,

Karen Wirt
ANC 6C chair
