Re: Dave Thomas Circle, ANC comments on design alternative 6

Dear Mr. Marootian:

On May 8, 2019, at a regularly scheduled, duly noticed monthly meeting of ANC 6C, with a quorum of 5 out of 5 commissioners and the public present, the above-mentioned item came before us. The commissioners voted unanimously, 5:0:0, to support the broad concept presented in alternative 6, including acquisition of the private property in the center of the intersection (Wendy’s). We recognize that this is one step in the process of improving the intersection and that significant other changes need to be made for traffic calming to improve safety of pedestrians, bicyclists, and vehicles. We look forward to working with DDOT regarding other details of the improvements.

Thank you for giving great weight to the recommendations of ANC 6C.
