Re: 616 D Street NE, HPA 19-441, application for permit for three-story rear addition

Dear Ms. Heath:

On July 10, 2019 at a regularly scheduled, duly noticed monthly meeting of ANC 6C, with a quorum of 6 out of 6 commissioners and the public present, the above-mentioned item came before us. The commissioners voted unanimously, 6:0:0, to support the application with the following caveat.

The commissioners had no objections to the proposal but noted inconsistencies in the drawings with respect to the rear yard and the unlabeled structure in it. At the ANC 6C Planning, Zoning, and Economic Development Committee the architect provided a photo, which was not then in the submitted application—showing a shed that was part of a garage which was reduced in size. The architect subsequently provided new drawings labeling the rear structure. The commissioners recommend that the photograph also be included in the revised application.

Thank you for giving great weight to the recommendations of ANC 6C.

On behalf of ANC 6C,

Karen Wirt
ANC 6C chair
